Do you have a few minutes to chat? I just got off the phone with our life company.

Is there any way to identify the actual cost for insurance? Maybe it's too complicated to do that since Universal Life is so complex?

Bill,

Here is a current illustration of the policy. I have put a call into my life company to see what the recommended monthly premium is to keep the policy in force longer.

As soon as I get it from them, I will send it on.

Hi Monica,

I was asking Pam if I can review the big ol' packet of documentation that goes over my life insurance policy. I'm interested in the premium (cost of insurance? _ portion and how it's scheduled to go up over time, etc, so anything you've got. That way I can figure out what to do with it and if I want to switch to term or add term like we talked about.

Thanks!

Bill
